

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of filing in State Engineer's Office APR 07 1995

Returned to applicant for correction

Corrected application filed

Map filed APR 10 1995 under 61107EThe applicant Vista Canyon Group, A Limited Liability Company6490 S. McCarran Blvd., Suite One, of Reno

Street and No. or P.O. Box No.

City or Town

Nevada, 89509

State and Zip Code No.

hereby make application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.) January 18, 1995, Washoe County, Nevada

1. The source of the proposed appropriation is Shallow Ground Water

Name of stream, lake, spring, underground or other source

2. The amount of water applied for is 0.033

One second-foot equals 448.83 gals. per min.

second-foot

(a) If stored in reservoir give number of acre-feet

3. The water to be used for Environmental Cleanup

Irrigation, power, mining, manufacturing, domestic, or other use. Must limit to one use.

4. If use is for:

(a) Irrigation, state number of acres to be irrigated

(b) Stockwater, state number and kinds of animals to be watered

(c) Other use (describe fully under No. 12. "Remarks")

(d) Power:

(1) Horsepower developed

(2) Point of return of water to stream

5. The water is to be diverted from its source at the following point See supporting map for table

Describe as being within a 40-acre subdivision of public

of Diversion Point locations

survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated.

6. Place of use Within SE 1/4 of NW 1/4 Section 9, Township 19 North, Range 20 East, M.D.M.

Describe by legal subdivision. If on unsurveyed land, it should be so stated.

7. Use will begin about January 1 and end about December 31, of each year.

Month and Day

Month and Day

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) 1 drilled ground water extraction well and

State manner in which water is to be diverted, i.e. diversion structure, ditches and

submersible pump

flumes, drilled well with pump and motor, etc.

9. Estimated cost of works Project: \$500,000.
10. Estimated time required to construct works Project: Well Installation: 6 months remainder
of works: 9 months
If well completed, describe works.
11. Estimated time required to complete the application of water to beneficial use Ten years - Project length
based on monitoring data
12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use:

Petroleum hydrocarbon and chlorinated solvent impacted shallow ground water will
be pumped from a total of 29 shallow wells to a central water treatment plant.
The contaminants will be broken-down/removed from the ground water utilizing a
granular activated carbon fluidized bed reactor biologic treatment process.
Treated water will be discharged to the Helms Pit. Estimated volume to be
treated for the Project: 328,500,000 gallons per year.

Protested _____

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance for pollution control as mandated by orders issued by the Nevada Division of Environmental Protection and subsequent correspondence with said agency. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and records of this measurement shall be submitted on an annual basis. It is also understood that this right must allow for a reasonable lowering of the static water level of permittee's well due to other ground water development in the area. The well shall be equipped with a 2-inch opening for measuring depth to water. The State retains the right to regulate the use of water granted herein at any and all times.

* The right will cease to exist upon termination of clean up activity as determined by the Nevada Division of Environmental Protection.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.033 cubic feet per second, but not to exceed 23.89 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before _____ *

Proof of completion of work shall be filed before _____

Application of water to beneficial use shall be filed on or before _____ *

Proof of the application of water to beneficial use shall be filed on or before _____ *

Map in support of proof of beneficial use shall be filed on or before _____ *

Completion of work filed _____

Proof of beneficial use filed _____

Certificate No. _____ Issued _____

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.
 State Engineer of Nevada, have hereunto set my hand and the seal of my

office, this 26th day of June,

A.D. 1995

[Signature]
 State Engineer

(PERMIT TERMS CONTINUED)

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued pursuant to the provisions of NRS 533.4375. Well drillers reports for any well(s) drilled under this permit shall be filed within 30 days from completion of the well.

Within 30 days after the completion of the project, the permittee shall notify the State Engineer of such completion and all wells shall be plugged and abandoned in accordance with Chapter 534 of the Nevada Administrative Code.
